About Me:

MCA Student with 2 years of work experience as Operations Executive at Infosys Ltd. I'm learning Full Stack Development & Networking to become proficient in my skills. Along with being a natural leader and a team-player, I can adapt to new environments & technologies quickly.

Work Experience:

Infosys Ltd – Operations Executive | December 2017 to July 2019 (1 Year 8 Months)

- I acted as Offnet Provisioner for a Telecom client based in United States.
 - I was responsible to raise order to vendors and manage the order through to completion.
 - I had to validate customer details and drive vendors to meet committed dates.
 - As my additional contribution, I also developed a web-based tool that mapped vendors and their details.
-
